

The **Austin Tango community seeks safe spaces** for all who want to learn, practice, and dance Argentine tango.

We welcome all regardless of ability, age, disability, ethnicity, gender identity, politics, race, religion, role preference, sexual preference.

If you ever feel uneasy, afraid, or distressed about your safety or freedom of choice from the touch, words, or other behavior of another we urge you to tell someone:

- The person whose behavior bothered you, if you feel safe doing so,
- The teacher or assistants,
- The event hosts,
- The DJ,
- The front desk attendant,
- An official Austin Tango Society Práctica Guide, or
- Email to safe-spaces@tangotribe.com

Argentine Tango is **an intimate dance** often danced in heart-to-heart contact, but we want that **You have the choice** of who you will dance with, how close you will dance, and what movements you will allow.

A close embrace on the dance floor **is not an invitation for intimacy**.

Consent may be given or revoked at any time.

Unsolicited advice is not welcome except for something unsafe or making you uncomfortable.

An attendee whose behavior by words or actions interferes with any person's ability to attend and enjoy an Austin tango event may be asked to leave without a refund. In repetitive or extreme cases of bad behavior, the participant may be prohibited from entering future events in the Austin tango community.

Be Safe, Have Fun, Respect Others!
